DETAILED ACTION

Election/Restrictions

Newly submitted claim 8 is directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Newly submitted claim 8 is directed to a display device of a completely different construction than that of the display device set forth in claims 1 and 7. The screen comprised by the display device set forth in claim 8 displays a stereoscopic image. The display device of claims 1 and 7 does not comprise a screen for displaying a stereoscopic image. Nor does the display device of claims 1 and 7 comprise either a total reflection mirror or lenticular lenses as are both required by the claim language of claim 8.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claim 8 withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Allowable Subject Matter

Claims 1-7 are allowed.
